Our Mission

We extend the healing ministry of Christ by caring for those who are ill and by nurturing the health of the people in our communities.

We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status, or national origin.

Centura Health is sponsored by Catholic Health Initiatives and Adventist Health System. ©Centura Health Corporation, 2005

Progressive Care Center

**A GOOD LIFE,
IN A PLACE THAT FEELS
LIKE HOME**

Progressive Care Center

Progressive Care Center

A Good Life, In A Place That Feels Like Home

Progressive Care Center provides skilled nursing and Alzheimer's care. At Progressive Care Center, you'll find people who have your best interests in mind, and whose goal it is to give you a true sense of home. Our caring staff includes nurses, a social worker, activity coordinator and others who specialize in the unique needs of each resident.

NURSING HOME CARE YOU CAN COUNT ON

When it comes to managing and planning your care, we encourage participation from residents and their families. We also promote continuing relationships with family and friends. After all, it is our goal to make the transition from independent living as smooth as possible for each resident who moves into our facility for skilled nursing or Alzheimer's care. It is important to us to maintain our residents' comfort, security and self-respect while providing the utmost in quality health care. Should you need medical services outside Progressive Care Center, St. Thomas More Hospital is adjacent to our building, making needed x-rays, lab tests, inpatient care and emergency services extremely convenient.

OUR STAFF IS HERE FOR YOU

Our licensed nursing professionals and certified nursing assistants are available 24 hours a day. Staff members are trained in the area of geriatric care and work to improve the quality of life for each and every resident.

Our certified activities coordinator plans group activities and outings to help residents maintain a high quality of life. Activities include arts and crafts, games, birthday and holiday celebrations, and outings to local events and attractions. Our Resident Multi Media Library is available to residents who want to brush up on their computer skills or send email to family and friends.

ALZHEIMER UNIT

Progressive Care Center's Alzheimer Unit provides the same high quality care as our nursing home, in an atmosphere specially designed for people with Alzheimer's disease. Residents of the Alzheimer Unit have access to the same services as our nursing home residents, including resident care planning, special diet accommodation, social services and family counseling, on-site physical, occupational and speech therapy, activities program, IV therapy, spiritual care services and beauty and barber services. In addition to these services, the Alzheimer Unit features:

- Professional staff specially trained in Alzheimer's care
- Ongoing staff training
- Secure, locked unit to insure residents' safety
- Newly remodeled unit, opened in February 2003
- 12 beds
- Separate dining room
- Secure patio and walking area overlooking our beautiful courtyard
- Hi-lo beds and glider rockers in every room

ALTERNATIVE SERVICES

Besides nursing home and Alzheimer's care, Progressive Care Center offers options for shorter stays. We offer care for individuals recovering from a hospitalization, but who are not ready to go home. Stays are typically between one and three weeks. Treatment can include physical therapy, dressing changes, and specialized services. In addition, Progressive Care Center offers respite care, a temporary stay for people needing nursing care for a short period of time. Respite care is a convenient option for at-home caregivers who need time away.

Progressive Care Center accepts long term care insurance or private payment and is Medicare and Medicaid certified.
